

AICTE VAANI 2026–27

Participant Registration & Conference Application — Portal Guide

National Conference on “Climate-Resilient Agrotech and Sustainable Food Processing for Viksit Bharat 2047”

Hosted by ASTHA School of Management · October 8–9, 2026

This guide walks a participant through the AICTE ATAL Academy portal, from login/registration to submitting an application for the AICTE VAANI conference hosted by ASTHA School of Management. Highlighted red outlines mark the button or field to act on for that step. Personal account details visible in the original screenshots have been blurred for privacy.

PARTICIPANT LOGIN / REGISTRATION PORTAL

The ATAL Academy portal (atalacademy.aicte.gov.in) is the shared platform for both ATAL Faculty Development Programmes (FDPs) and AICTE VAANI conferences — including the one hosted by ASTHA School of Management. Returning participants log in directly here using their registered **email, password, and the captcha shown on screen**.

The right-hand panel is an **Impact Analysis Survey** prompt — it is unrelated to login and simply links to optional post-programme feedback forms (for FDPs or VAANI participation). New participants should ignore this and instead use the **“Sign up now!”** link below the login form.

The screenshot shows the AICTE ATAL Academy portal login and registration page. The page has a green background with a large image of a forest. At the top, there are two banners: "Proposals are invited for ATAL Online Faculty Development Programmes (FDPs) for the Academic Year 2026–27." and "Announcement of Shortlisted Proposals under AICTE-VAANI 2026–27. Kindly Click".

The main content area is divided into two panels. The left panel is titled "Login" and contains a form with fields for "Email", "Password", and a "Captcha" (2074898). Below the form is a red-outlined "SIGN IN" button. Underneath the button is a "Reset Password via" section with "Email" and "SMS" options. At the bottom of the panel is a red-outlined "Don't have Account Sign up now!" link, followed by contact information for portal and VAANI support.

The right panel is titled "Impact Analysis Survey" and contains the text "Your insights make a difference! Please fill out the Google form to share your valuable feedback." Below this text are two blue buttons: "Click here - FDP Feedback" and "Click here - VAANI Participant Feedback".

Login screen — existing participants sign in here; new participants continue to registration.

NEW PARTICIPANT REGISTRATION

First-time users land on the registration form shown below. The very first field, **Select Role**, must be set to **Participant** — this determines which dashboard and permissions the account receives (as opposed to Coordinator or Co-Coordinator, used by the hosting institution's organizing team).

The remaining fields — Title, Full Name, Date of Birth, Gender, Email, Mobile Number, and Password — are self-explanatory and all mandatory. After submitting, the participant receives a **verification email and an OTP** on the registered email and phone respectively; the account becomes usable only after this verification step.

The image is a screenshot of a web browser displaying the registration page for Atal Academy. The browser's address bar shows 'atalacademy.aicte.gov.in/signup'. The page has a white background with a large, vibrant aerial photograph of a modern, multi-story building with a glass facade, surrounded by lush green trees and a well-maintained lawn. On the left side of the page, there is a registration form. At the top of the form is an orange header with a white plus icon and the word 'Register'. Below this, there is a link for participants and a link for existing users. The first field is a dropdown menu labeled 'Select Role', which is highlighted with a red rectangular box. To its right is a 'Title' dropdown. Below these are fields for 'Full Name', 'Date of Birth', 'Select Gender', 'Email', '+91 Mobile Number', 'Password', and 'Confirm Password'. At the bottom of the form is a blue button labeled 'SIGN UP'. The overall layout is clean and professional, with a focus on the registration process.

Registration form — choose Role = Participant before filling in the remaining basic details.

PARTICIPANT GENERAL DETAILS

Once logged in, the participant lands on the **General Details** tab. The basic details captured at registration (Name, Gender, Phone, Email, Date of Birth) are auto-populated here as read-only fields — shown in the grey rows below.

General Details — registration data is auto-filled and locked; the sidebar lists every section of the participant dashboard.

Scrolling down the same page reveals the **mandatory additional fields** that must be completed before any conference or FDP application can be submitted: Father’s Name, Address, State, District, Pincode, and (where applicable) employment/education details. The full left-hand navigation — **General Details, Profile, FDPs, Applied FDPs, Attendance, Assessment, Feedback, Important Documents, Test Marks, and Certificate** — is also visible here, mapping directly to each later stage of the programme.

General Details (continued) — remaining mandatory fields, and the full sidebar menu for the participant journey.

BROWSING & FILTERING FOR THE VAANI CONFERENCE

The **FDPs** tab lists every programme open on the portal, filterable by **FDP Type**, **Month**, and **Thrust Area**. By default this shows regular ATAL FDPs (e.g. workshops on AI or Cybersecurity) — **not** VAANI conferences.

The screenshot shows the 'Participant' dashboard on the left sidebar with options like General Details, Profile, FDPs, Applied FDPs, Attendance, Assessment, Feedback, Important Documents, Test Marks, and Certificate. The main area is titled 'Filter FDPs' and contains three dropdown menus: 'Select FDP Type' (set to 'ATAL Offline'), 'Select Month' (set to 'August'), and 'Select Thrust Area' (set to 'All'). Below the filters, three FDP cards are displayed. Each card includes the title, application number, mode of FDP, start and end dates, institute name, thrust area, sub-thrust area, and links to download the FDP schedule and brochure. The first card is for 'Role of Artificial Intelligence in present scenario' by BHILAI MAHILA MAHAVIDYALAYA. The second is for 'Applied Quantum Intelligence: GenAI, Prompt Engineering & Agentic Systems for Engineering Research' by BANGALORE INSTITUTE OF TECHNOLOGY. The third is for 'Cybersecurity: Trends, Tools, and Applications' by GOVT. POLYTECHNIC HAMIRPUR.

FDPs tab, default view — change “Select FDP Type” to switch from regular FDPs to VAANI conferences.

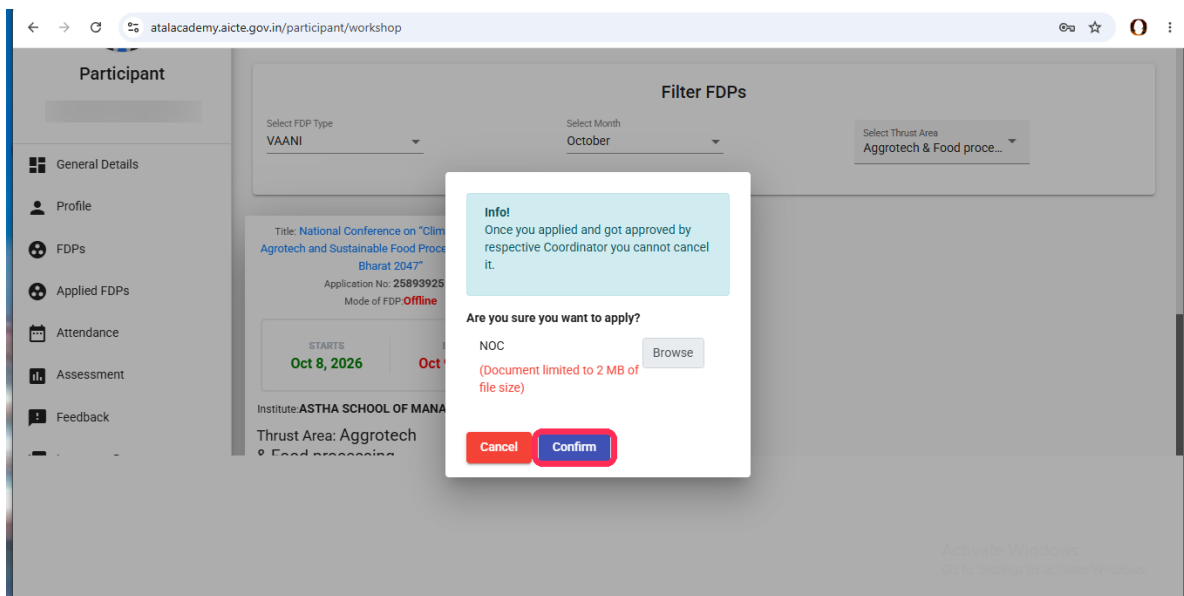

Changing **Select FDP Type** to **VAANI** (and optionally narrowing by Month and Thrust Area) filters the list down to VAANI conferences specifically. This is where the ASTHA School of Management conference appears, with its application number, dates, thrust area, language, and event type all visible on the card.

The screenshot shows the 'Participant' dashboard with the 'Filter FDPs' section. The 'Select FDP Type' dropdown is now set to 'VAANI'. The 'Select Month' dropdown is set to 'October' and the 'Select Thrust Area' dropdown is set to 'Aggrotech & Food proce...'. Below the filters, a single FDP card is displayed for the 'National Conference on "Climate-Resilient Agrotech and Sustainable Food Processing for Viksit Bharat 2047"' by ASTHA SCHOOL OF MANAGEMENT. The card includes the application number 2589392515, mode of FDP 'Offline', start and end dates (Oct 8, 2026 to Oct 9, 2026), thrust area 'Aggrotech & Food processing', language 'Oriya', and event type 'Conference'. Links to download the FDP schedule and brochure are provided at the bottom of the card.

VAANI-filtered view — the ASTHA School of Management conference card, with the apply (+) button.

APPLYING TO THE CONFERENCE

Clicking the red + button on the conference card opens the application confirmation dialog. Two things matter here: an **NOC (No Objection Certificate) upload** is required (max. 2 MB), and the portal explicitly warns that **once the application is approved by the coordinator, it cannot be cancelled**. Participants should confirm both institutional approval and schedule availability before clicking **Confirm**.

Apply confirmation — upload the NOC and click Confirm to submit the application for coordinator approval.

The NOC format can be downloaded from the ASTHA School of Management website; it must be signed by the participant's institution on official letterhead before being uploaded here.
